A-solar City Bag PRO

Go Pro for more energy on the go!

The City Bag is perfect to use as a small handbag or tablet bag for everyday use, travelling or during holidays.

This bag features several easy compartments. The main compartment is slightly smaller than A4 size that fits exactly a tablet or a netbook. The solar panel is on the outside flap of the bag attached. The City bag has an adjustable shoulder strap, is waterproof and made from recycled PET material.

With the powerful 2.7w solar panel and the supplied **Power Bank 7000** it can charge your mobile devices in 10 hours. Besides charging with solar energy you can also charge the Power Bank with USB and AC power.

The energy from the Power Bank can instantly recharge mobile devices like mobile phone, GPS / navigation systems, MP3 players, mobile game console, e-book reader, etc., without having to rely on one outlet or the right adapter.
